

Forklift Electrical Parts

Electrical Parts for Forklifts - Forklifts can be purposely marked to be used in unsafe places. A labeled forklift indicates the design has met the lowest requirements of ANSI/UL 558 intended for engine powered lift trucks or ANSI/UL 583 utilized for electric lift trucks for the type of label placed.

The application for labels meant for lift lift trucks could be found in National Fire Protection Association NFPA 505 - Powered Industrial trucks including: Maintenance and Operation, Type Designations, and Areas of Use. Check with your local insurance carrier and Fire Marshall for more info regarding the approved uses of industrial powered forklifts in your application.

If the forklift has been found to meet the outlined standards, the following labels may be put. A labeled truck will have the type designation placed on the forklift nameplate and would have one of the following labels attached.
